## GREAT EXCITEMENT IN BERLIN

Over Bulgarian Withdrawal--Panic on Bourse--Stocks Slump--Destroy Statues

(By Associated Press)  
London, Oct. 1.—There is the greatest excitement in Germany over the defection of Bulgaria, judging from dispatches received here from Holland. On Saturday the excitement amounted to a panic. According to some reports

**LIBERTY BONDS**  
Paid or Partly Paid  
**CASHED AT ONCE**  
**REALTY INVESTMENT CO.**  
257 Washington St., Boston, Mass.  
Licensed by the State of Mass. No. 31, and Bonded.

the panic particularly affected the Berlin Bourse where war industry stocks slumped violently. Panics also struck Parliament and newspaper circles and public offices. The alarm brought forth the instant demand that something be done. All reports indicate a decided cleavage between the Junker and Conservative classes and the class represented by the Socialists and Radicals who on this occasion have the support of some Centrists and even National Liberals.

The war news makes one just boil over with enthusiasm and good cheer.

British Have Smashed Great Holes in Hindenburg Line From Cambrai to St. Quentin--They Have Surrounded Cambrai--King Albert is Leading His Belgian Army and Driving at Ghent--Progress Has Been Made on Entire Western Front

## CLEAR WEATHER KILLS GRIP GERM

(By Associated Press)  
Boston, Oct. 1.—No further increase in the total number of influenza cases in this city is looked for by the health authorities. Dr. Wm. C. Woodward, Health Commissioner, stated today that the present clear weather was destructive to the influenza germ.

(By Associated Press)  
Cambrai was in flames today as the British were breaking great holes in the Hindenburg line from Cambrai to St. Quentin. The Germans set fire to Cambrai apparently in the hope of destroying the great quantity of supplies there before the British could surround the town already encircled on three sides. North of St. Quentin the British have advanced west of Le Cateau. Further south they have reached a point east of St. Quentin.

In Belgium King Albert is leading the Belgian and British armies to further successes and is rapidly driving into the heart of the network of German railways centered about Ghent. Gen. Allenby in Palestine has thrown his cavalry far to the north of the Sea of Galilee, and they are reported to be 24 miles from the important railroad junction of Damascus. On the Mediterranean coast French mounted forces are approaching Beirut northwest of Damascus.

## "STAND BEHIND ME," SAYS KAISER

"With God's Help We Will Protect the Fatherland"

(By Associated Press)  
London, Oct. 1.—Emperor William in a message to the Fatherland Party is quoted in an Amsterdam dispatch to the Exchange Telegraph Co., as saying, "I have the confident hope that the whole German people in these most serious times will resolutely gather around me and give their blood and wealth until the last breath for the defense of the Fatherland against the shameful enemy plans. Such a unanimous resolve to exist will and must with God's help, succeed in breaking the enemy's will to war and secure for the Fatherland the peace it is worthy of among the people of the world."

## BRITISH CONTINUE "CLOSE IN"

(By Associated Press)  
London, Oct. 1.—British troops last night continued their closing in movement on Cambrai. They captured towns to the west and northwest. Field Marshal Haig announced in his official report today. North of St. Quentin the British wedge has been thrust still further into German held territory.

## BULGARIANS WERE DEFEATED SUNDAY

(By Associated Press)  
London, Oct. 1.—In the region east of Vukle Serbian troops Sunday severely defeated the Bulgarians 6 miles from the Bulgarian frontier. The Serbian official statement of Monday reports that the Bulgarian forces were cut into two parts.

## DRAFT DRAW RUSHED AHEAD OF SCHEDULE

(By Associated Press)  
Washington, Oct. 1.—Drawing of order numbers of 13,000,000 draft registrants was completed at 3 o'clock this morning, hours ahead of schedule. The last number taken from the glass ball was 12,724.

## PEACE DEMONSTRATION IN BERLIN?

(By Associated Press)  
London, Oct. 1.—A peace demonstration took place in Berlin on Saturday according to news received here today. Cheering crowds assembled in front of the Bulgarian Legation necessitating police intervention. The rioters, according to the information, got the upper hand of the authorities and committed excesses. A number of statues in the Berlin squares were destroyed.

## THE WEATHER

Washington, Oct. 1.—Fair, continued cool tonight, Wednesday fair and warmer, light west winds.

## DWIGHT HALL IS MADE CHAIRMAN

Concord, Sept. 30.—Dwight Hall of Dover will be chairman of the Republican state committee in the coming campaign. His appointment results from the meeting at headquarters in this city tonight of the special committee of five, to which was delegated the selection of officers.

W. D. Swart of Nashua, E. L. Guphill of Portsmouth, J. Levi Mender of Rochester, Arthur P. Morrill of Concord and Joseph H. Gelsel of Manchester made up the special committee. Associated with Mr. Hall will be Senator Marcel Theriault of Nashua as secretary and William F. Thayer of Concord as treasurer.

Mr. Thayer has been treasurer of the state committee, but the other appointments made tonight are of new men.

## KITTERY

Kittery, Oct. 1.—George Smart, station master at Navy Yard Station, passed Monday in Alfred on business.

Miss Ellen Bowden of Newmarch street is ill with an attack of the grip.

Mrs. Frankie Paylock and little son have returned to her home in Bland after a stay of several weeks with her brother, Walter Macdonald and family of Love Lane.

Eugene Lewis of North Kittery who is in training at Camp Devens, is reported as being very ill.

Mr. and Mrs. Thomas Kennon of Portland passed Sunday with the latter's sister, Mrs. Daniel Lunt of Pleasant street.

James Boardman and Harry Tobey were business visitors in Alfred on Monday.

Mrs. Earle Mitchell of Pleasant street who has been ill, is improving.

Miss Julia Duncan has taken employment on the navy yard.

Elmer J. Burnham is passing a few days in Alfred.

Albert Philbrick of Pine street continues to improve from his illness.

Mrs. Walter L. Lufus of Wentworth street is improving from her illness.

Mr. and Mrs. David Walker of Kittery Depot visited their son, Dwight F. Walker at Camp Devens on Sunday.

Mrs. Joseph Kraft of the Post Road who has been ill is improving.

Mrs. Roscoe Ellis of Love Lane is improving from her illness.

Howard Langdon of Central street has resumed his duties at the navy yard after a vacation.

Little Misses Marjory and Mildred Stuart of Portsmouth are visiting their aunt, Mrs. Milton Brewster of Love Lane.

W. E. Eldredge of Pine street is able to be out after an illness.

Mrs. Daniel Lunt of Portland is visiting her son, Daniel Lunt and wife of Pleasant street.

Charles Meyers of Government street visited his son Carl Meyers at Camp Devens on Sunday.

Mrs. Wesley Rogers of Love Lane is ill with an attack of the influenza.

Miss Ida Blaisdell of Portsmouth, has resumed her duties as bookkeeper at Prince's Market after a vacation.

Little Miss Barbara Rooster is able to be out after an illness.

Quartermaster Sergeant John C. Edwards, U. S. M. C., after having served thirty years in the marine corps and having been on the retired list for more than three years, has voluntarily returned to active duty. He has been assigned to the quartermaster's office, headquarters, U. S. M. C., Washington, D. C. Sgt. Edwards has a record to be proud of. He is a native of Maryland, but has for many years made Kittery his home. He entered the marine corps in May, 1859 at Washington and his first sea duty was on the U. S. S. Petrel. From 1891 to 1897 he was on the U. S. S. Minneapolis, doing duty in foreign waters, and he visited Armenia, Abyssinia, Italy, Greece and Turkey. During the war with Spain he served with the original

first marine battalion in Cuba. During the Boxer uprising in China he was a member of the second relief expedition to Peking. He served in the Philippine Islands from 1900 to 1903 and was with the army of Cuban Pacification from Sept. 1906 to Feb. 1909. He again saw duty in Cuba during the uprising in 1912. His last expeditionary duty was at Vera Cruz, Mexico, in 1914. He holds campaign bars and service medals for all of these expeditions, together with a letter of commendation. He is a member of Winfield Scott Schley Camp, No. 4, United Spanish War Veterans.

Lieut. Warren Hayford, N. A., whose parents resided at Kittery has returned from France and is at his home in Chicago. He is in the field artillery and will remain in the states as an instructor.

## KITTERY POINT

Kittery Point, Oct. 1.—The Tuesday evening prayer meetings will be omitted this evening at the different churches.

Miss Nellie Lewis is confined to her home by illness.

Dwight Kistice and Frank Hutchins are visiting friends in Bath, Me., for a few days.

Miss Gladys Farnum of Hotel Epworth is confined to her room by illness.

Mrs. George Gunnison very pleasantly entertained the Red Cross society at her home this afternoon.

The body of Mrs. Dora Sullivan was taken to her home in Newton, Highlands this morning. Mrs. Sullivan was a sister of Mrs. Fred Morse of this place and with her three children had been visiting her sister.

Miss Josephine Clark has returned to her home in Malden, Mass., after spending the summer and fall at the home of Mrs. Morton Seward.

The Ladies Aid Society of the Baptist church will be omitted this week.

Misses Margaret and Evelyn Flisk daughters of the Rev. and Mrs. Miles Flisk, are confined to their home with illness.

Frederick Allen of South Berwick is spending a few days in town on business.

Mrs. Albert Read and young son left for Salem, Mass., on Monday after visiting Mr. and Mrs. C. E. Dodge.

Miss Harry Handoff who has been spending a number of months in Gloucester, Mass., has arrived at her home here.

Mrs. E. H. Dorr has returned to Hotel Pepperell after spending the week end in Boston.

Killed in Action.

Mechanic Napoleon Morin, Biddeford, Me.

Washington, Oct. 1.—The following casualties are reported by the Commanding General of the American Expeditionary Forces:

Killed in action..... 62

Missing in action..... 6

Wounded severely..... 219

Died from wounds..... 5

Wounded (degree undetermined)..... 3

Total..... 294

## PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit. Watch the kidneys.

The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid, accumulates and crystallizes, look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, high colored or scanty urine, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Go to your druggist immediately. Get a trial box of GOLD MEDAL Haaslein Oil Capsules, imported direct from the laboratories in Holland, where they have been in use for over two hundred years. They will give almost immediate relief. If for any cause they should not your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

You cannot buy a copy of The Herald at any news stand in the city after 7:30 in the evening.

## LEMON JUICE

### WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quainter pint of the best bleaching and skin whitening lotion, and complexion beautifier, at very very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, and see how tan, redness, sallowness, and how clear, soft and rosy white the skin becomes. Vast! It is harmless.

## EXETER

Exeter, Oct. 1.—So serious has become the epidemic of influenza here that the public schools, Robinson seminary and the town theatre closed Monday, the schools for a period of a

week. There have been two deaths during the past 24 hours. Mrs. Josephine Carbonneal, wife of Eugene Carbonneal, and a Polish resident of Vine street which makes five during the past week. Many new cases were reported Monday, among the number being Chief of Police Elvyn A. Bunker, who returned from a vacation Saturday evening.

Last week so many of the school children were out, practically one third of the entire number, either with the epidemic or by the order of their parents, that it was decided by Superintendent of Schools Mary S. Brooks and Head Master Harry B. Walker of the high school to close entirely and allow the children to remain in the open air as much as possible.

A like order, of closing the public schools at Newfields went into effect there Monday, there being many cases there, although only one serious, that of William T. Ellis.

Two funerals were held Monday afternoon, those of Paul E. Higgins, son of Mr. and Mrs. Frank C. Higgins, and his cousin, Mrs. Frances Lory, wife of John Lory, and a daughter of Mr. and Mrs. Fred Higgins. Both died during the week end. The funerals were in charge of Undertaker F. L. Jenkins.

The much feared typhoid made its appearance in Exeter Monday, arriving in a bunch of bananas which came to Angelo Marrell, a local fruit dealer. As Mr. Marrell was delivering a bunch of them at one of the Phillips Exeter academy dormitories, the basket dropped to the floor, and was quickly captured by putting a wet cloth over it. It is now confined in a glass jar at his store where it is being viewed with much interest by many. It is about two inches in length, and covered with a black fuzzy substance.

Miss Elsie Duwelle, stenographer at the law office of Eastman, Seamon and Gardner is among the victims of influenza at her home in East Kingston.

John O. Hutchins of North Stratford whose son is ill with the influenza at the academy is visiting him here.

Lieut. Gilman S. Rowe who was commissioned at Fortress Monroe, Va., recently is making a visit with his brother, County Treasurer Stewart E. Rowe. He reports for duty on Oct. 9 in North Carolina.

Mr. Kimball Wentworth of Atkinson, president of the Rockingham County Republican club was here Saturday making arrangements for the outing which has been postponed from Oct. 12. The event is likely to be indefinitely postponed this year.

## Mule Meat

"If the Germans capture any American mules," says the Birmingham Age-Herald, "they may be tempted to try mule steak." Perhaps so, but we trust none of our friends over there will ever be called upon to resort to any such expedient. We are proud of our mules, the great work they have done, and are doing over here and over there for victory. So appreciative are we of the mule's services that we are ready to stand hats off when he attempts to bray the "Star-Spangled Banner," but we can never, no never recommend his steak even to the despised Roche as anything approaching a gastronomic dainty.—Nashville Banner.

## Inventions

A craze for invention is sweeping the country. Many a man who has never been able to invent an excuse to hand the wife for getting home late, is now accomplishing wonderful things. Already 2,000,000 appliances for the destruction of U-boats have reached the patent office. One man has evolved a brick boat, built entirely of brick from the keel to the crow's nest. The chief value of this construction is that the brick boat will fool the wisest U-boats. It sinks as soon as it is launched and the U-boats are never able to find it.—New York Mail.

## Protect the Bumblebees

Expert agriculturists in Australia and the Philippine Islands realized the importance of the bumblebee to the clover crop, and imported immense numbers of them to help along the crops of their countries. The bumblebee is a tireless worker and keeps steadily to the business of protecting our interests. If he went on strike, or were driven away, as might have happened not so long ago, when everybody considered all insects a pest, the parasites would soon get the upper hand and destroy our clover crops.

## Wifely Sarcasm

"Where shall we go tonight?" asked Mrs. Twobble.

"I would rather stay at home and rest," answered Mr. Twobble, with a groan. "I'm tired out, my dear. You have no idea of the wear and tear I'm subjected to in business."

"Oh, yes, I have. I've never visited your office yet that I didn't catch you either listening to somebody else telling a yarn or telling one yourself. The strain on you must be terrific." Birmingham Age-Herald.

## Their Caliber

"I wonder what the Kaiser thinks of the lightning-trained Yankees now?"

"I guess he thinks they're some shock troops."

Hotter order the Herald saved for you at the news stand or from the boy. All sold out is the word at all agencies every evening. The Herald is the people's popular paper—stands for Portsmouth.

# Not For Many

a day have you had the opportunity to take advantage of such a genuine

## BARGAIN

as you will find here for

# KINGSTON MAN HOLDS HONOR NUMBER

Only Thirty of First Hundred Draft Numbers Drawn Apply to This District

Of the first hundred numbers drawn in the new draft at Washington on Monday, which were given out to the press there are only thirty that are within the serial numbers of this district. Here the highest number is 3621 and all above that number are simply passed over.

The following are the numbers as applied to this district, 322, the honor number drawn by the President, being held by John William Lamprey of East Kingston. The following numbers do not necessarily mean that the men named will be called as the serial numbers are in the order of registration and not by class, which eventually governs the call.

1-322—John William Lamprey, East Kingston.  
2-1027—Clarence Bennett Marston, North Hampton.  
3-1997—Charles de Rochemont Avery, 39 Columbus street, Portsmouth.  
4-2181—Kenneth Gilbert, Elwyn road, Portsmouth.  
5-134—William Alexander Hulse, Main street, Newton.  
6-504—Frank Edward Willey, Bay Side street, Newmarket.  
7-1623—Ralph Farnham Ham, 282 Maplewood avenue, Portsmouth.  
8-1240—Mark Anthony Neville, 28 Rockingham street, Portsmouth.  
9-1907—Wallace Goldsmith Crumpton, 233 Bennett street, Portsmouth.  
10-2073—William Albert Brewster, Appledore Island.  
11-20—Forrest Newell Tilton, East

Kingston.  
12-1255—Joseph Stetin, 208 Market street, Portsmouth.  
13-2132—William Albert Walker, 16 Pleasant street, Portsmouth.  
14-3235—Ervin Cheever, Philbrick, N.Y.  
15-139—Alphonse Joseph Mallhot, 13 Central street, Newmarket.  
16-525—Jack Durman Tobin, Newington.  
17-210—John Herbert Ryder, Little River, Hampton.  
18-625—Joseph John Sakrinski, Nichols avenue, Newmarket.  
19-72—William Edward Dawson, Greenland.  
20-832—Ambrose John Nicholas Smith, North Side street, Newmarket.  
21-561—Jesse Elijah Marston, Newton Junction.  
22-2897—William Henry Green, 63 Clinton street, Portsmouth.  
23-3506—Charles Isaiah Furbish, South Hampton.  
24-345—Waldo Morrison Hillard, Exeter.  
25-4—Dewey Clarence Bowley, East Kingston.  
26-1061—Mittails Stellas Carlip, 415 Hanover street, Portsmouth.  
27-131—Stanton Young, Hampton Falls.  
28-395—Perley Benson Bartlett, Scotland road, Kingston.  
29-657—Nicholas Smith, 16 Elm street, Newmarket.  
30-5581—William Bernard Snell, Southham.

## SENATE FAILS TO VOTE ON SUFFRAGE BILL

(By Associated Press)  
Washington, Sept. 30.—The Senate again failed to reach a vote on the after the President has made a personal appeal to the Senate to pass the amendment as a war measure. Debate was resumed in the Senate this afternoon and leaders claim that there will be a vote by tomorrow.

## DEATH LIST ON DECREASE

Although there were a total of five deaths reported for this epidemic in the twenty-four hours ending at ten o'clock Monday evening, the condition about the city was somewhat improved. Three of the deaths were Sunday night and there were no more until Monday evening when there was a death at the Emergency hospital and a child aged two years on Mt. Vernon street.

There have not been any deaths at

the naval hospital since Saturday night and the conditions there are reported much better. Monday there were a number of new cases from the Marine barracks, but naval doctors think that the epidemic is well under control at the yard.

There are eighteen cases at the Emergency hospital on Jones avenue, and the small corps of nurses are being worked hard. They are handicapped for help, on Monday afternoon, to accommodate new patients, it was necessary to move a piano, but no help could be secured until Albert Hilston volunteered three of the carpenters working for him and himself to do the work of getting the piano out.

The Public Health Service has received a small quantity of the new anti-pneumonia vaccine and this was used on the physicians and nurses and those employed at the Emergency hospital. Very excellent results have been reported from this vaccine and as soon as more is secured it will become available for others who wish to take it.

## BAKER VISITS HUN PRISONERS

With the American Army Northwest of Verdun, Sept. 30.—Secretary of War Baker, who watched the American troops begin the attack in the

region northwest of Verdun, visited the various headquarters behind the front Sunday. He spent more than an hour in the vicinity of cages holding German prisoners and gave instructions as to their treatment.

One cage contained 2,000 prisoners. When the secretary appeared American officers commanded the Germans to stand at attention. All except one, an officer, leaped to their feet and a pull on the shoulders of the German officer by an American sergeant soon brought him to his feet. Speaking to German the secretary asked the prisoners questions regarding conditions within the German lines and what the soldiers thought of the war.

The prisoners of one of the prisoners had been patched. The secretary noticed this and asked about it. The prisoners explained that each German regiment had a tailor's kit.

Secretary Baker gave orders that the prisoners be given food as soon as possible after being brought to the rear. He was told that the Germans had heard of American canned beef and that they always asked for it first after being captured. White bread came second in their desires. A German officer who wore a monocle and carried a cane resembled the German crown prince. He attracted much attention from the secretary's party.

## BULGARIA DEFINITELY OUT OF THE WAR

(By Associated Press)  
Bulgaria is definitely out of the war and Turkey virtually cut off from her allies and almost destroyed in Palestine and likely soon will be forced to sue for a cessation of hostilities on any terms that the Allies may see fit to offer.

Meanwhile the Entente Allies from Belgium to Verdun, on six battle fronts, are registering victory after victory against the Teutonic forces and everywhere her line is crumbling, notwithstanding the desperate resistance being offered.

Seeing eventual defeat staring her in the face from the combined forces of the French, Italians, Serbians, Greeks and British, in the reclamation of Serbia and the invasion of Bulgarian territory, the Bulgarians begged for an armistice reserving no condition. All territory is to be evacuated, the Bulgarian army is to be demobilized at once and all means of transportation in the kingdom, including that on the Danube, is to be given into the Allies' hands. This is in addition to the isolation of Turkey, will open the back door of Austria-Hungary to the invasion and this doubtless will soon be taken advantage of.

With the debacle in Serbia and Bulgaria complete, the Austro-Hungarian forces in Albania soon will be put to the test and once the evacuation is completed and the Austrians back on their own territory, the Entente Allies will have forged a semi-circle of steel around the Central Powers from the Black Sea to the North Sea.

Viewing the situation in all its aspects the success of the great offensive in Belgium and Flanders, the blotting out of the Balkan sector, the cutting off of the Turks from their allies, Austria and Hungary, except by the long way, the steady gains being made by the Allies in making Russia once more a factor in the fighting against Germany, presents the darkest days of the war to the Central Powers.

On all sectors under attack in Belgium and Flanders is the region about Verdun, the German line is gradually bending back under the violence of the attack of the French, Belgians, British and Americans. In Belgium the troops of King Albert and those of Field Marshal Haig have pierced so deeply eastward that the German submarine base on the North Sea is in jeopardy through the impending cutting of the line of communication.

The famous Messines-Wytschaete ridge has been captured and the Allies guns now dominate the plains beyond. Both Menin and Roulers, important railroad junctions and supply lines of German armies north and south, are virtually in the hands of the Belgians and British and seemingly must fall.

The British are in the process of clearing up the town of Cambrai, having penetrated the suburbs both on the northwest and southwest. In the region of St. Quentin, where the Americans are fighting with the British, the old Hindenburg line has been cut and penetrated to a depth of three miles over a front of eight miles.

In conjunction with the operation of the French northeast of Soissons, the Germans have begun the evacuation of the Chemin des Dames and the French now hold half of this famous defense position. Likewise there are indications that the enemy will give up their retaining positions along the Vesle river to Rheims.

In the Champagne the French troops are west of the Argonne forest and likewise east of this forest the Americans are moving north. Already the big forest is virtually outflanked and will soon become a part of the Allied line. From the St. Mihiel sector, the American heavy guns are bombarding the enemy troop trains that are moving up reinforcements.

Reports from Amsterdam are that Emperor William has accepted the resignation of Chancellor Count von Hertin and Admiral von Hintz, the Foreign Minister.

# MAGEE

## National

The Most Complete  
"Three in One Range"  
Yet Produced.

Showing burner in position in the oven for broiling with special broiler and drip pan.

Lever all the way down, placing the burner in position to heat the oven for either baking or roasting with gas, on a special insulated oven rack.

Raising the lever, lifting the burner entirely out of the way, for use with a coal or wood fire—this automatically shuts off the gas.

### "One Oven Does It All"

GAS or COAL or WOOD

THE SAME OVEN is heated with either gas, coal or wood, alone or in combination, as preferred. This exclusive MAGEE method saves both time and fuel, and offers quick and positive results.

Push the lever full down and it drops the burner into a position where it will heat the oven to any degree desired.

Push the lever half down and the gas burner is in a position for broiling (with a specially designed broiler and drip pan for your convenience).

Raise the lever and the gas burner closes into the back of the oven out of the way, for heating with a coal or wood fire.

The Top Gas Burner Light Automatically—no matches—"just push the button!"

The MAGEE NATIONAL RANGE is really a gas, coal or wood range in one, and offers the utmost in service in a very compact form. (The range is but 46 inches over all.)

The MAGEE NATIONAL RANGE embodies the most modern and exclusive ideas in iron and white enamel Range Construction. (Four holes for coal; five burners for gas.)

Write for descriptive circulars

MAGEE FURNACE CO., Inc., BOSTON, MASS.

## W. E. PAUL

## EPIDEMIC ON INCREASE IN MASSACHUSETTS

(By Associated Press)  
Boston, Sept. 30.—The Boston Board of Health reports 142 deaths from influenza and 23 from pneumonia for the twenty-four hours ending at 10 o'clock this evening. This is the largest for any single day since the epidemic started. State Commissioner Kelley tonight wired Surgeon General Hoge that reports from 65 cities and towns outside of Boston were that there has been 6,590 new cases and there are now not less than 75,000 cases in the state. There is a great demand for physicians and nurses.

## BODIES SENT HOME FOR INTERMENT

The following bodies of sailors who died on Saturday at the Naval Hospital were sent to their homes on Monday for services and interment: John F. Holland, Jersey City; William J. Donnell, New York City; Michael J. Dempsey, Troy, N. Y.; and Cecil M. Law, Buffalo. Undertaker O. W. Bar was in charge of the shipment.

## OIL CENTER IN BRITISH HANDS

The National Geographic Society issues the following war geography bulletin on Baku, Russia's great oil city, occupied recently by a British force: "The city of Baku, built in the form of an amphitheatre on the south side of the Apsheron peninsula, which juts far out into the Caspian sea, is the Temple of the Slav empire. Two vast oil fields, containing more than 2,700 wells, make it the chief oil center of Europe. Had the Teutonic powers succeeded in reaching it before the British forces occupied it, the blow would

## DARTMOUTH OPENS TODAY AS TRAINING CAMP

Hanover, Sept. 30.—Dartmouth college will open for the college year tomorrow as a unit in the students' army training camps. All students in the army and naval reserve have been ordered to report on the athletic field at 8 o'clock tomorrow morning.

## STARTS A DRIVE FOR COAL PRODUCTION

Washington, Sept. 30.—To avert the demands of the war industries coal famine this winter and still meet Fuel Administrator Garfield today launched a drive for coal production to last until April.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

## TEACHERS' CONVENTION IN CONCORD

The annual convention of the New Hampshire State Teachers' Association will be held in Concord on Friday, Oct. 18, and while the program has not all been arranged as yet, it will include some very prominent speakers. The Schoolmaster Club will be held on Thursday evening at the Eagle hotel.

Among the speakers who will be heard are Governor Carl E. Milliken of Maine, Mark Sullivan, editor of Collier's Weekly; Dr. O. M. Thomas, state superintendent of schools in Maine; Dr. F. W. Ballou, associated superintendent of Boston, and others of note.

(By Associated Press)

Washington, Sept. 30.—The American government's reply to Germany's threat to put to death every American prisoner captured with a shot gun as a weapon, today gave notice that if Germany carried out her threat they would at once institute suitable reprisal on the Germans.

## TWENTY SAILORS DROWNED FROM NAVAL TENDER

(By Associated Press)  
An Atlantic Port, Sept. 30.—Twenty sailors from a naval vessel in the harbor here were drowned last night when a naval tender in which they were returning to the ship was capsized. Eleven others were rescued.

## Headed the Right Way.

People who believe that government business should be done on business principles will heartily endorse the action of Postmaster General Burleson in making Assistant Postmaster W. E. Hurley of Boston, the acting postmaster to take the place of the popular and competent official who died a few days ago.

Mr. Hurley entered upon his new duties at once, and the next step in the proceedings should be to appoint him to the office of postmaster, a position for which he is thoroughly qualified. He has served as assistant postmaster since 1915, and he had previously served as mail carrier and postoffice inspector. His experience has been such that he knows from top to bottom the work of every department of the office of which he is now at the head, and at the head of which he will in all probability be retained.

His appointment as acting postmaster points clearly in that direction. The step is in line with the determination to take the postoffices out of politics. It was decided not long ago that hereafter appointments of postmasters shall be made under the rules and regulations of the civil service, as is eminently proper. Too long have these appointments been the football of politics. Too long have postmasters received their appointments as the reward for political services, to enjoy the honors and draw their salaries while the real work of the offices was done by men trained to the work.

The position of postmaster, especially in a large city, is one of much importance and responsibility. It cannot be denied that good men have been called to such positions under the old system, but under civil service rules it should be possible for more men to get these appointments who have worked their way up from the bottom, and who will consequently come to their duties with a knowledge of the requirements and a readiness to meet them, and not for the purpose of putting in their time and enjoying the emoluments.

In other businesses it is the capable and experienced men that go to the head, and it should be the same in the postal department, which is one of the greatest businesses in the world. Postmasters should be selected for their business rather than their political qualifications, and that this is to be the rule hereafter is cause for gratification on the part of all who believe that business should be done on business principles.

Important reforms are in many instances a long time coming, but they always come sooner or later where a real need of change exists. It will be a decided relief to the country to have the work of the postoffices placed on a purely business basis, with appointments based on merit instead of political pull.

All will be glad to know that cellars of summer cottages in Maine are not to be used for the storage of coal through the winter. It has been found that some of these cellars were left well stocked, and it is proper that their contents should be distributed among people who need it, as is to be done. Of course the owners will be paid for the coal, which is not to be confiscated—simply commandeered. That's all.

The Newington shipyard is not to be put out of business by false and malicious rumors, and the people and newspapers that have been circulating them could easily be in better business. The record of the yard for efficiency is established and none need fear that it will go out of business or that its activities will be curtailed so long as the demand for ships is as pressing as it is now.

The suggestion that the buildings of the Frank Jones brewing plant might be used for housing workmen is interesting. The grain that formerly went into beer is now used for food, and to house war workmen in the buildings would simply be another step toward putting the Huns down and out.

The recent strike of the Hartford, Conn., high school quickly fizzled out and the pupils are at their desks again, with the conditions against which they struck unchanged. This country is a democracy, but there must be a certain amount of autocracy in the management of the public schools.

It cannot be said that Rye is not doing its share toward winning the war. The raising of \$2,400 through a tea room enterprise conducted at Little Boars Head for the purchase of a field ambulance to be used in France is a record to be proud of.

In some parts of New England the month just closed was the wettest September since 1871. And it was also one of the coolest Septembers of recent years.

## FRENCH SCORING BIG RETURNS

(By Associated Press)

Paris, Oct. 1.—French troops this morning on the front between the Aisne and Vesle rivers according to today's war office reports are continuing their attacks on the Champagne with an important advance scored in the Aisne valley. The French have taken more than 13,000 prisoners and 300 guns on the front between the Schippe and the Argonne since Sept. 26th. Many of the guns were of heavy calibre.

## NAVY YARD NEWS

Even 100 Called

The latest call in the Industrial Department requires 75 female operators and 25 painters.

Hope It Has Been Checked

The number of cases of Spanish influenza at the local yard has been greatly reduced and the medical force there hope that the epidemic has been checked.

Back on Duty.

Mrs. Mary Lawrence nurse in the yard dispensary has returned to her duties after a month's illness with grippe and pneumonia.

Die Saving a Ship

The Navy Department has been informed by Admiral Sims that ten men on the U. S. S. Seneca lost their lives on September 15 while attempting, in a heavy sea, to save the British steamer Wellington, which had been torpedoed by a U-boat.

The men are: William L. Boyce, Jersey City, N. J.; James J. Nevins, Norwich, Conn.; Merton Spellmeyer, Port Richmond, N. J.; Pingard, Bridgeport, Conn.; William H. Paine, Yonkers, N. Y.; Russell Elmi, no emergency address; August Zuleger, no emergency address; Martin M. Orensen, Mou Aalberg, Denmark; William H. Best, no emergency address; Carl S. Newbury, New London, Conn.

**Amesbury Co. Gets Contract**  
The Westworth Auto Body of Amesbury has been awarded the contract to build the body of the dispensary ambulance, the same to be completed in 45 days.

**Hitting Workmen Hard**  
Many of the departments at the Charles town navy yard are hard hit by the gripple. In the hull division 12 per cent of the workmen are out and in the machinery division 15 per cent are out. These are two of the most important departments at the yard. On account of the prevalence of grip, no religious services were held there on Sunday.

**Saluting and Loitering**  
Commandant William R. Rush of the Charlestown navy yard has issued a strongly worded notice calling the attention of the enlisted personnel to the navy regulations in regard to saluting officers and also loitering in the yard.

**American Sailors Popular**  
American sailors win the hearts of people from all parts of the world. A cablegram received at the Navy Department from the civil governor of Lisbon contains nothing but praise for the American jackies. It follows: "Sir: I have the greatest satisfaction in declaring that the behavior of the sailors belonging to the American war vessels that have visited Lisbon during the year has been worthy of all praise, not only from the authorities of the city, but the inhabitants as well. They have conquered in every way the affection of our people by their irreproachable conduct." Antonio Miguel De Sousa Fernandes.

**Want No Exemption**  
Navy officers generally have no wish to be exempted from the income tax. Sec. Daniels has informed Chairman Simmons of the Senate Finance Committee. In a letter made public today Mr. Daniels said that most officers regard it as a privilege to pay their share of war taxes, and he urged that no exemptions be extended to them in the pending revenue bill. The letter was prompted by an amendment which would have exempted Army and Navy officers serving abroad. Mr. Daniels said that in any case it would be unfair to differentiate between these officers and those serving at home, and he asks that whatever action Congress takes shall apply to all naval officers alike.

**Honor Stripes in Navy**  
Service and wound stripes will be worn by the navy as well as the army according to an announcement from the office of Secretary Daniels. Inverted V-shaped gold chevrons will be worn on blue uniforms and yellow silk lace or braid on white uniforms. Regulations governing the use of the chevrons provide they may be used by all persons in the service who have served more than three months out of the thirty-seventh meridian, or who have had equal service on this coast north of the equator or aboard ships torpedoed or fired upon.

**Can't Keep a Good Man Down**  
Quartermaster Sergeant John C. Ed

## OUR BOYS SERVING UNDER STARS AND STRIPES

PEN SKETCHES AND PICTURES.

Daniel J. Crowley, a popular local young man is the son of Mr. and Mrs. Daniel Crowley of 40 Dover street, and

DANIEL J. CROWLEY

now serving in the National Army. He was born in Portsmouth, April 25, 1900 and enlisted on Aug. 20, 1910; called for active service Aug. 28, 1917. At the time he was called he was employed at the Merley Button Manufacturing Co. He was among the soldier lads who left Portsmouth recently

and expect to see service overseas before long.

Jeremiah Crowley, brother of Daniel Crowley enlisted in the Naval Reserve Force in March and has been stationed at Quincy, Mass. He was born in

JEREMIAH CROWLEY

Portsmouth Feb. 23, 1895 and before entering the service held a position as a clerk at the Portsmouth navy yard.

## PEOPLE'S OPINION

Suggests a Remedy

Editor:—If women and girls whose business takes them through public thoroughfares, would wear veils with a 4-inch circle or square of very thin gauze, situated in a good germicide, dusted on inside, in front of nose and mouth, they might safeguard themselves, as well as show their patriotism in preventing the spreading of this dreadful disease.

SAFETY FIRST

THE HUN—HIS MARK

A Prisoner's bit toward the Fourth Liberty Loan.  
The hun his mark—I saw it first  
In an open boat at sea  
Where a woman crouched in the fro-  
zen shrouds,  
With a whimpering child on her knee  
And strong men bent to their task at  
the oars  
And their hearts were full of hate  
For a man lay dead at the woman's  
feet  
A man who had been her mate  
And the whimpering child that claved  
at her breast;  
(Dear God how can such things be  
done)  
With the bleeding stumps of his tiny  
arms  
Blown off by a German gun.

I saw it next on a woman's throat  
As she lay on her pillaged bed  
A fair haired blue eyed winsome lass  
Oh how can the thing be said!  
Her pure young soul was safe with  
God  
But her body had been through Hell  
and the thing that was done in that  
blood soaked room  
Was a thing that I dare not tell  
But this I know, and I make it plain  
So that each may understand:  
The bloody mark on her fair white  
throat  
Was the print of a Germans hand.

I saw it last on a dead man's face.  
A man who had stayed behind  
Safe as he thought, from the "war  
god's" toll  
Secure from the "red mills" grind,  
But he sickened and died on his own  
threshold.  
From a germ in the poisoned air,  
And I shuddered with fear as I looked  
in his face;  
FOR THE MARK OF THE HUN  
WAS THERE.  
So for God's sake HURRY, We haven't  
the time  
To quibble or ask WHY? or doubt.  
Just loan us the price of another shell.  
And with God's help we'll BLOT IT  
OUT.

WILLIAM MCCOIGAN.

Naval Prisoner  
Portsmouth, N. H., Oct. 1, 1918.

## OBSEQUIES

Myrtle Emma Godfrey.  
The funeral of Myrtle Emma Godfrey, young daughter of Mr. and Mrs. George A. Godfrey, was held from the home, 210 Gates street, Monday afternoon at 2 o'clock.  
Rev. J. Frank Jenner of Kittery conducted the services and interment was in the family lot in Greenland, under direction of J. Verne Wood.

APPROVES APPOINTMENT

Among the list of postmasters of Maine approved by the United States Senate is that of Edward C. Bridges at York Village.

Charles E. Walker who is at Camp Upton, N. Y., has been ill with the grip and is much improved today.

## MEN APPLY FOR COAST ARTILLERY

Many men applied for voluntary induction into the Coast Artillery Corps this morning at the local office at 4 Market Street which is the real estate office of W. L. Condon. Many solicited their desire to enter the Officers Training School at Fort Monro, Virginia and others wanted to attend the School for Enlisted Specialists which is also at Fort Monro. The younger men who applied stated that they "wanted to join the army and were willing to do anything so long as they could get in and get a chance to go to France." Lieutenant Maynard will be at the office every morning this week from 10 to 11 to explain the method of voluntary induction, explain the nature of the courses at the schools and receive applications for induction into this branch of the service.

FOR SALE—Horse and about two acres of land situated at Bravo Boat Harbor, five minutes from Oakland Farm station, Y. H. & H. R. R. For information apply to Mrs. Thurston Patch, Kittery Point, Me/Tel. 1133-Y.

Frank Simon is assisting at the First National Bank.

## DARTMOUTH MAKES PLANS FOR STUDENTS

(By Associated Press)  
Hanover, N. H., Oct. 1.—Because of the spread of influenza the shifting of Dartmouth students to an army barracks basis under Government control was postponed today. College authorities announce that students not eligible for full enlistment in the student army training corps would remain permanently in dormitories under the usual college regulations.

## TURKEY'S SURRENDER PREDICTED

(By Associated Press)  
Boston, Oct. 1.—Dr. James H. Barton, Foreign Secretary of the American Board of Commissioners for Foreign Missions, who has lived in Turkey believes that we may expect any day now to hear of Turkey's unconditional surrender to the allies.

WANTED—At once, two table girls at Downing's Sea Grill; good wages, no o. l.

# Home Craft Week

No small part of the value of our "daylight saving" has been the pleasure of eating by daylight. Realizing this, see to it that your dining room windows are covered with an artistic lace—the only window covering that softens without excluding the light.

Can you imagine the gloom of waking in a windowless bedroom? If so, you can realize the vital importance of your window and give its decoration due thought.

Your window coverings give character to your home. They are the only part of all your furnishings enjoyed by your family, your friends who visit you and the hundreds of strangers who pass by your home from day to day.

Home Craft Week from October 7 to October 12. The Quaker Lace curtain is most dainty and attractive. We can show you many patterns. If you can afford only one—the curtains or a bond—buy the bond.

# Buy Bonds To Your Utmost

THE AUTUMN MODES IN HATS  
ARE CHARMING

Of course, hats for all occasions are featured. Velvets and faillies predominate with such trimmings as fan tail wings, Japanese aiglettes, wooden beads in Oriental colors, peacock and parrot shades in silk embroidery and "Aeroplane" bows of velvet on tiny turbans. Hats that will meet the requirements of every well dressed woman.

"The Store of Quality"

## FOYE'S

### THE STATUS OF LIBERTY LOAN WORKERS

The Treasury Department of the United States, through the Federal Reserve Bank, in each district, appoints the Liberty Loan Committees, who thus become representatives of the Government. In the First Federal Reserve District the Liberty Loan Committee of New England, with its state, district, county and town chairmen, are representatives of the United States Government, charged with the important task of selling enough Liberty Bonds to supplement the sum to be raised by taxation. From taxation about one-third, and from the sale of Liberty Bonds about two-thirds of the money required to finance the war, is secured.

Liberty Loan workers do not approach the citizen in the way a canvasser for a charitable non-government war service does. They are not asking for gifts. They are officials of the government who, in carrying out their plain duty, call upon each citizen, offering him an easy opportunity to complete his obligation to his Government.

Buying Liberty Bonds is not to be considered optional, but obligatory. Any citizen—male, female or child—any trustee, firm, corporation or organization—enjoying the protection of the Constitution and of the Flag of the United States, who does not buy and keep Liberty Bonds to his full ability is plainly not doing his duty. It is—by indisposition—doing worse, in a giving aid and comfort to the enemy.

The Local Committee asks you now to vote early and buy your bonds. Ward 2 will be open from 8 a. m. to 8 p. m. Each of the other Wards from 4 p. m. to 5 p. m. Make all your subscriptions in one day and save work for the Committee.

#### NOTICE

The regular quarterly meeting of Carpenters & Joiners Union, No. 221 to be held on Tuesday evening, Oct. 1, 1918, is postponed until further notice. Also all regular meetings until safe public assemblage is permitted.

## KITTERY MAN FOUND GUILTY OF ASSAULT

Says He Was in Fear of the  
Sheriff and Fired Shot in  
Self-Defense.

Maurice Parker of Kittery appeared as defendant in the supreme court at Alfred, Me., on Monday, charged with intent to kill Deputy Sheriff James Boardman of the same town in June last. Parker was indicted at the opening of the session and entered a plea of not guilty. The state called three witnesses, the first being Sheriff Boardman. During his testimony he said he had previously arrested Parker.

On the day of the assault he was on his way to Portsmouth in his auto and saw Parker behind a tree with a gun in his hand. Parker said: "Give me that other gun that you and Bert Shaw took away from me before, I'll shoot you. I will kill you." Parker disappeared into the field. Witness swore out a warrant before Justice Shaw and in company with another officer they went to Parker's house after him. As they went up the walk to the house, Parker started into the house and before he shut the door he fired a shot at Boardman. They waited around the house, but the respondent got out the back door and escaped into the woods. The revolver and several keys taken from the respondent were identified by the witness.

Cross examined by Attorney Lausler, witness said he saw the gun very plainly as he was riding along the road in his auto. When Parker shot at him, witness said, he returned the compliment.

George Smart and Henry W. Talley of Kittery were the other witnesses for the state and told what they saw on the day of the shooting.

Attorney Gausler called Parker to the stand. He claimed he had been living in fear of Boardman and that he acted in self-defense when he fired the shot.

The case went to the jury at 12 o'clock and a verdict of guilty was returned in a half hour.

## RED CROSS GATHERINGS CANCELLED

The meetings of the local chapter of the Red Cross at the Elks' Home on Pleasant street are to be discontinued for the present owing to the epidemic. There is, however, an opportunity for those who wish to do Red Cross home work and if those who are willing to assist will telephone Mrs. Arthur H. Locke, 625 W., she will furnish the material.

## JUDGE KIVEL SENDS MANGOLD TO PRISON

Was Former President of the  
American Securities  
Company.

Joseph C. Mangold, a former president of the American Securities Company, was sentenced by Judge Kivel of the superior court at Dover to serve not less than four or more than five years in the state prison at Concord and pay costs of court. Mangold formerly lived in Portland and was recently convicted of obtaining \$1,000 under false pretences from Mrs. Caroline A. Tibbets, aged 50, of Dover, by selling her worthless stock in a Buffalo cemetery.

#### TAKING PRECAUTIONS

Great care should be taken with public eating and drinking utensils to aid in suppressing the influenza. In Massachusetts the board of health has required that all eating utensils in public places, including drinking glasses, silver, etc., shall be immersed in boiling water or live steam for three minutes by the clock. All helpers are also warned about handling food with unwashed hands. These precautions are felt necessary. Especially at this time to help suppress the influenza epidemic.

#### RED CROSS WORK.

At the Red Cross work rooms at the Elks' Home on Pleasant street Monday 20 workers were present and a good day's work was accomplished. Twenty-six pneumonia jackets were made, also 50 gauze masks to be used at the Emergency Hospital.

#### THE SAME OLD STORY

How often do you hear the remark "I wish my parents made me study music when I was young," or worse "I never had a chance."

PETER KURTZ

#### DOVER IMPROVING FROM THE EPIDEMIC

Dover, Sept. 30.—By order of the Board of Health, all schools, theatres and churches were closed today. The meeting of the New Hampshire Pyth-

ian Grand Lodge, scheduled to open here tomorrow, has been postponed and the monthly meeting of the City Council, set for Oct. 2, has been cancelled.

Red Cross meetings are cancelled for the week and visitors are barred from public institutions, including the Old People's and Children's Homes and the Stratford county farm, until conditions improve.

The epidemic is reported to be slowing down, a slight falling off being noted in the number of new cases developing. The total number is approximately 1000.

## PERSONALS

Judge Harry K. Torrey has returned to Washington, D. C.

Dr. W. O. Jenkins leaves in a few days for Hanoi, Miss., to pass the winter months.

Conductor Frank E. Moore of the Boston & Maine remains critically ill at his home on Deer St.

Mr. and Mrs. A. C. Groves are on an extended visit to Dayton, Ohio and will be away several months.

Luke Ashworth is expected to arrive from Seattle, Wash., early by the death of his daughter, Miss Gertrude Ashworth.

Captain and Mrs. Silas H. Harding of New Castle have returned from a month's sojourn at their summer home at Chatham, Mass.

The condition of Miss Mary McManis who is seriously ill at her home on Islington street, was said to be somewhat improved today.

The many friends of Mrs. John Sandford of State street will be glad to learn that she is recovering from an attack of the influenza.

Master Harold and Miss Elizabeth Rundlett, children of Mr. and Mrs. Amos Rundlett of Lincoln avenue are confined to their home by illness.

Deputy Collector Merrill of the Internal Revenue office, Mrs. Merrill and two children are all ill with pneumonia at their home on Lincoln Ave.

James W. Harvey, was called to Camp Upton, N. Y., on Sunday by the serious illness of his brother, Frank. Latest reports from the hospital are that he is somewhat improved.

Frank H. Moore of Deer street, well known Boston and Maine conductor is quite ill with pneumonia. His wife, who is also ill with the influenza is reported as somewhat improved today.

Lieut. Alfred Hyde Donahue, U. S. N. and Mrs. Donahue are receiving congratulations upon the birth of a son on Saturday. The little one has been named Alfred Hyde Donahue, Jr.

Frank B. Lincoln, assistant to Superintendent S. B. Sledge of the Coast Guard station of this district, left last evening on a trip to the stations on the Maine coast in the interest of the Fourth Liberty Loan campaign. Mr. Lincoln will go as far as station No. 1 at Quoddy Head, South Lubec, Me., and will visit all the stations along the Maine coast and expects to be away two weeks.

## OBITUARY

Edward Maxium.  
Edward Maxium died on Monday evening at the Emergency hospital from pneumonia after an illness of a week. He was very ill when brought to the hospital. He was employed on the Navy Yard.

#### Mrs. Agnes J. Sweeney

Mrs. Agnes J. Sweeney, daughter of Mr. and Mrs. James Bohan of this city is dead at Manchester. She is survived by her husband, John J. Sweeney; two daughters, Mary and Margaret, and a son, John M. Sweeney; and three sisters, Misses Margaret, Della and Annie Bohan of Manchester. Up to the time of her death she was an inspector of government supplies at the Platt Brothers factory.

#### Mildred Martell

Mildred Martell, infant child of Mr. and Mrs. Albert Martell, passed away at the home of her parents on Mt. Vernon street, Monday afternoon, aged 2 years.

#### Frank Brock

Frank Brock, a well known trainman of the Boston and Maine railroad, is dead at his home in Wolfboro as a result of grippe and pneumonia. He was well known here having run as conductor on the York Harbor and Beach Railroad. Previous to his death he was running on the Wolfboro and Boston passenger train leaving this city at 8.10 a. m. He was a young man much respected by his fellow workmen and among the traveling public. He leaves a wife.

#### ARE CONVALESCENT

The inmates of the Chave Home for Children on Lafayette road, who have been afflicted with the influenza are all now thought to be improving.

#### FUNERAL NOTICE.

The funeral of Mrs. Ann Odlorne will be held from her home on Marcy street Wednesday, 10.30 a. m.

The quarantine placed by the navy yard on the enlisted men coming to this city, was lifted on Monday and there were a large number of men ashore.

## YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If cross, feverish or bilious  
give "California Syrup  
of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look. Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of colic, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they thereby love its pleasant taste. Full directions for babies, children of all ages, and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

#### DENTAL SCHOOLS GIVE TRAINING

Under the Act of Congress providing for the Student's Army Training Corps, young men studying dentistry as well as medical students in duly-accredited institutions, are enlisted as privates in the army, provided with uniform and subsistence allowance, and receive the same pay as private soldiers in the army during their period of instruction. They are held as a dental reserve, and except in case of unusual need, they will be permitted to continue their studies until graduation, when they will pass into the medical department of the army. The United States Government has profited by the mistakes of the Allies, who permitted their medical and dental professions to become almost totally depleted at the beginning of the war through neglect to provide for a reserve.

The dental schools in New England having a Students Training corps are the Harvard Dental School and Tufts Dental College both located in Boston.

#### HE IS NOT A CANDIDATE

An item in these columns made it appear that P. D. Cochran was a candidate for the position of ward clerk in ward five. Mr. Cochran is not a candidate.

#### CARD OF THANKS

We wish to express our heartfelt thanks to all who sympathized with us in our recent bereavement, and also for the beautiful floral tributes.  
MRS. HENRY DISBROW and Family.

#### WATERWAYS DELEGATE AT CONVENTION

O. J. Prindle has returned from the waterways convention at Boston, where he has been a New Hampshire delegate. It was voted to hold the next convention in 1919 at Charlestown, S. C. Mr. Prindle reminded the members that New Hampshire would be an altogether excellent place to convene in 1920. He reminded the company of

#### A SUCCESSFUL MEDICINAL COMBINATION

And one that had long been needed, and had not seemed to be possible, I Hied's Sarsaparilla taken before eating and Peptiron after eating. These two great medicines supplement each other in purifying and enriching the blood, strengthening the nerves, putting life into the body, and color into the face. Taken in conjunction, they are the ideal remedy for the blood and nerves. If a laxative is needed take Hood's Pills. All druggists.

## BIG RUSH TO FILL OUT QUESTIONNAIRES

The legal advisory board are having their hands full filling out the questionnaires, for they not only have those of the local district, but all of the outside workmen who are located about this city.

It is estimated that there are at least 3500 of this outside class that is being taken care of by the local advisory board. Fortunately they have had the assistance of some volunteers and on Monday evening so great were the number of men waiting that both the probate court room and the main court room of the court house were opened until after nine o'clock.

The presence of so many men who have registered elsewhere but whose registration cards and questionnaires are made through the local board has almost doubled the work of the board and they get no credit for this extra work.

## POLICE COURT

John Kirpila, Stephen T. Colsak and Athanasio Foule arrested at a restaurant on Market street Sunday afternoon by Officers Ellingwood and Gray, were heard in the Municipal court today on a charge of gambling. Two of the three pleaded guilty while the third stated he was simply playing for coffee. The court ordered each of them to pay a fine of \$10, and costs \$7.50.

Edward Fogarty and Thomas

Prough both charged with drunkenness paid a fine of \$15.74 each.

## INDIGESTION, GAS, UPSET STOMACH

Hurry! Just eat one tablet of Pape's Diapiesin for instant relief.

No waiting! When meals don't fit and you belch gas, acids and undigested food. When you feel indigestion pain, lumps of distress in stomach, heartburn or headache, there is instant relief.

Just as soon as you eat a tablet of Pape's Diapiesin all the dyspepsia, indigestion and stomach distress ends. These pleasant, harmless tablets of Pape's Diapiesin always make sick, upset stomachs feel fine at once and they cost so little at drug stores.

KEENE NORMAL SCHOOL FLOURISHING.

With so many organizations of learning crippled either by illness or war conditions, it is gratifying to learn that Keene Normal School is on a flourishing standard. The attendance is excellent, and the curriculum has been broadened.

The Herald is the only paper in this section that prints the Associated Press news. It has it exclusively every day.

## Fighting Fourth Liberty Loan

Facts and Figures

BOND PRICE VARIATIONS

On the basis of the relation between national indebtedness and the United States Government should be able to meet a loan of \$25,000,000 with every prospect of its forming a safe, sound and thorough debt.

On the basis of which Great Britain and France were borrowing, the United States might with comparative safety borrow up to \$38,500,000,000.

This statistician said, for "The United States had proved that it can easily and rapidly pay off a considerable debt, and it is still a country with magnificent opportunities for development and the production of new wealth."

After being at war a year and a half, with its always excessive first cost, the war indebtedness of the country as expressed in Liberty Loans and War Savings stamps is less than fifteen billion dollars. The new Liberty Loan, the Fighting Fourth, therefore, offers a good and safe investment to the loyal as well as an opportunity to give practical expression to their patriotism.

In the entire history of government loans, and it goes back through the centuries, there are very few occasions on which the interest on the bonds of response, the governments has been defaulted, repudiated or funded. This has happened only in the case of new and untried governments or as a result of anarchy and repudiation of the debts then incurred by the responsible incoming government. Even then the repudiation has usually been temporary. War is usually followed by a period of expansion and invention in the defeated as well as in the victorious countries. Taking past war as a precedent, the present war being on a larger scale than any which have preceded it, should have larger results.

When the present form of government came into existence in this country in 1790 the total indebtedness of the United States exclusive of paper currency was \$52,788,722 and state debts amounting to over 18 million were assumed by the federal government. The total foreign debt of 10 million was repaid by 1795. The domestic debt was so funded and gradually repaid that the interest rate being reduced to 6%, 5 1/2%, 4 1/2% and 3% in various ways.

To the total indebtedness of approximately \$3 million in 1800 was added \$11,250,000, the purchase price of Louisiana but more than half had been paid when the country entered into the war of 1812. In 1811 an attempt was made to introduce United States bonds on the London market. The 5% were quoted at 85 to 70.75; the 6% at 101 and 102; 10% at 105. By the war of 1812, a second attempt was made in 1815. The 3% were then quoted at 51 and the 6% at 81 1/2 and 82. These same bonds were quoted in Philadelphia at the same time at 61 and 92. A 6% loan put out in 1815 was sold at 88 1/4.

Although the war added about \$8 million to the public debt the floating debt had been reduced to such small proportions by 1817 that payment into the sinking fund recommenced. By 1838 so much had been paid off that 28 million surplus revenue was distributed among the states. Although it added approximately 49 million to the public debt the Mexican war did not interrupt this prosperity. A 4% loan which partially financed it was issued at 84.

On the basis of all claims being adjusted the Civil War is stated to have cost the Government three billion dollars. At its maximum in 1865 the national debt was \$2,764,431,571. Up to the present war the Civil War was one of the most expensive and one of the most successful in the history of all history. Yet the last war loan bond was redeemed 42 years later, in 1907. This was a feat regarded by Europe as astounding.

The most popular loan of that war was the 5%, 5-20-year of 1862 of which \$575,000,000 was placed at par. Refunding operations from 1870 to 1877 reduced the interest rate to 5%, to 4 1/2% and then to 4%. All issues were at not less than par.

The price of the 5% of 1881 were as follows during the war: 1881 from 84 1/2 to 94; 1882 from 87 1/2 to 107 1/2; 1883 from 91 3/4 to 110 3/4; 1884 from 102 to 118; 1885 from 108 1/2 to 112 3/8.

Just previous to the Spanish War the national debt amounted to something over \$285,000,000. At the end of the war this had mounted to \$1,155,320,235. A \$200,000,000 3% war loan offered at par was subscribed within three months. The debt was steadily reduced during the nine years following the war and bonds for the Panama Canal were issued at or over par, showing the high credit standing of the country.

During this period government securities rose to a maximum of 139 3/4 for the 4% and 103 1/4 for the 3% issued to finance the canal. Since then there has been no decrease, the 1915 net indebtedness of the United States standing at \$1,132,639,195 and having interest rates at 4%, 3%, 2 1/2% and 2%. Of the gross debt 65% was non-interest bearing and 24% was bearing interest at 3%.

### GERMAN VIEW OF CHRISTIANITY

Read this by Friedrich Wilhelm Nietzsche and then think of the woman and children whose blood was spilled in invaded Belgium and France and of the Lusitanians: "I condemn Christianity. To me it is the greatest of all possible corruptions. The church is the great parasite; with its anemic idea of holiness it drains life of all its strength, its love, and its hope. . . . I call Christianity the one great curse, the one great instinct of revenge, for which no expedient is sufficiently poisonous, secret, underhand to gain its ends. I call it the one immortal shame and dishonor upon the human race."

SIX

The Kaiser's Sons Versus the Six Sons of Presidents.

"Cited for conspicuous bravery in action," "Enlisted as a private," "Killed in action." Under such headings the sons of American former presidents appear in accounts of the great war that has rent the world. They were of the first to respond to the country's call and have been conspicuous in its service. No place in the rear for them! Theirs not to say "go" but "conquer." There are six of them, six sons of our former presidents, shoulder to shoulder with the sons of you and me, sharing with them the dangers, the tortures, the death—of the trenches, of No-man's Land, of the ferocity of the Hun.

And the six sons of the arch-Hunt Where are they, when danger calls? They are brilliantly placed "in command," and then disappear from the public eye only to reappear at some safe, vantage point or in revelling escapade with victims of invaded countries. Only one of them, the Crown Prince, has ever been reported in a battle and then hedged about so that no harm could come to him.

For all his dashing about the Kaiser himself has stayed far from the danger zone. This self-styled co-partner with God takes care to surround himself with his legions, his airplanes and every other known device to protect him from his enemies whenever he invokes the "Divine protection" in the open field.

Just one of the imperial family have the dispatches said anything fine about Duke Ernest August of Brunswick who married the Kaiser's only daughter. He is reported to have commanded some troops on the Russian front and gone insane over the horrors he saw there.

Bachchanalians feasts for the Hun princes while the men suffer and die in the trenches. Voluntary assumption of peril and sacrifice for America's "first sons." No honorary positions for them but hard and dangerous service.

Shall it be the rule of the Hun or the reign of democracy? Verily he who loseth his life shall find it.

SUCCESS DEPENDS ON WOMEN.

If the mothers and sisters over here could be made to realize just what has happened "over there," there would be no hesitancy, no reluctance, but they would go out and fight over here to make the fighting Fourth Liberty Loan the biggest and the quickest the world has ever known, says Dorothy Gish. Miss Gish is a noted movie star. With her mother and sister she spent a number of weeks in the territory invaded by the Germans in the first big drive of the war and it is from the fullness of that experience that she speaks. The success of the loan, she says, depends on the women.

WHERE THE MONEY GOES

One \$100 and one \$50 Liberty bonds will provide 10 pistols and four signal rockets or enough T. N. T. for bursting 20 mm howitzer shells or 300 hand axes to be used in the prosecution of the war. Two \$100 bonds will provide 5,000 machine gun rifle cartridges. Nine \$100 bonds will provide 20 demolition drop bombs. Fifteen \$100 bonds will provide one 27 mm gun.

Three \$100 and one \$500 bonds will supply the army with five dozen pack outfits. Nine \$1000 bonds will provide 20,000 gas or phosphorus grenades and 10,000 gas or phosphorus grenades and 10,000 gas or phosphorus grenades. One 16-inch sea coast gun can be bought with 175 \$1000 bonds.

WHY MONEY IS NEEDED

The cost of a 3-inch (22 calibre) gun and mount complete for the United States Navy is \$4000, yet with the exception of the airplane machine guns which cost \$560 it is the least expensive of any. A 16-inch (45 calibre) costs \$254,000 and a 14-inch (45 calibre) costs \$215,000. A 14-inch (60 calibre) costs \$156,000. An 8-inch howitzer costs \$22,000 complete. \$10,000 for the gun and \$12,000 for the mount. If our sailor boys are to accomplish the thing for which they left home and friends they must be supplied with these guns and plenty of them. Fighting Fourth Liberty bonds will buy them.

LIBERTY LOAN INTEREST RATE

Secretary McAdoo has definitely announced that the Fourth Liberty Loan bonds, the Fighting Fourth, will bear 4 1/2 per cent interest. The Secretary has been insistent that the Government interest rate should be stabilized, say at 4 1/2 per cent so that all business and all investments might be adjusted to that basis, and so that we ourselves may protect ourselves against successfully increased rates of interest on Government loans, as he said in the Third Liberty Loan campaign.

Neither our patriotism nor our support of the Liberty Loans are measurably in fractions of per cent.

BUY A LIBERTY BOND.

By Mary Christina Austin, Boston, Mass. Arise, ye sons of Liberty. The time is drawing nigh when every man of patriot mould must lead his country's cry. Our brothers in a foreign land are fighting freedom's cause; they are dying for us; they are dying for us; they are dying for us. Call forth the sons of Liberty. They give their life for our defence. They strive to keep us free; they do not help them with our life. They do not help them with our life. They do not help them with our life. Democracy is sure.

## "TIZ"—A JOY TO SORE, TIRED FEET

Use "Tiz" for aching, burning, puffed-up feet and corns or callouses.

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet. Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more tripping with pain, or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous excretions which puff up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel.

Get a 25-cent box of "Tiz" now at any drugstore or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

### IMPORTANT NOTICE

The following are the General Headquarters for registrants residing in Portsmouth, Ryer, Stratham, Newington, Greenland and New Castle: County Court House, State Street, Portsmouth, N. H.

Hours—9:30 a. m. to 11:30 a. m. 2:30 p. m. to 4:30 p. m. 7:30 p. m. to 9:00 p. m.

Members of the Legal Advisory Board will be in attendance at these hours to assist registrants with their Questionnaire every day and evening except Sunday.

## "FORDS"

Now that new Ford Cars are scarce the next best thing to do is to have your present car put in good running order. With a little care and very small expenditures you can keep your car up to date and in good mechanical order. But when you have these things attended to be sure and insist on getting genuine Ford parts. There are many substitutes and imitations and they are all supposed to be just as good but if your car is worth spending any money on it at all, why not use a little care and see that it is repaired right by using genuine Ford parts manufactured by the Ford Motor Co. of Detroit.

We have a large supply of parts in stock ready for immediate use.

## BROOKS MOTOR SALES

### "C.E-Z" GAS LIGHTS HELP THE NATION SAVE COAL

The waste of the old flat-flame gas light runs as high as 75 and 80 per cent. "Each mantle burner substituted for a flat-flame burner will save probably not less than an ounce of coal a day," says the United States Chamber of Commerce in an important bulletin on saving fuel.

Let us show you Our New Mantle Burners.

## 322 IS HONOR NUMBER DRAWN BY PRESIDENT

Washington, Sept. 30.—President Wilson personally opened the ceremony of drawing numbers for the 13,000,000 men registered in the new draft. He drew the first capsule which contained the number 322.

The President insisted on being blindfolded for the drawing as was the rule with all others participating. Then, after the first number had been drawn and recorded, the next fifteen numbers were drawn in order by Vice President Marshall, Senator Sanjour, President pro tem of the Senate, Speaker Clark, Secretary Daniels, Acting Secretary Crowell of the War Department, Senator Chamberlain of Oregon and Representative Dent of Alabama, chairmen respectively of the Senate and House military committees; Representative Kahn of California, the ranking Republican of the House committee; General March, chief of staff of the Army; Admiral Benson, chief of operations of the Navy; Lieutenant General Young, retired; Provost Marshal General Crowder, and Colonels Warren, Wigmore and Keer of General Crowder's staff.

From that point the drawing was continued by relays of tellers and clerks. The great glass bowl, now a historical relic in Independence hall, had been brought from Philadelphia for today's ceremonies and rested on a structure composed in part of timbers from the original rafters of Independence hall. Beside it was some timber taken from the old Frigate Constitution. As the capsules were drawn and the tellers announced the numbers written on the slips of paper within them, the tellers were strong in consecutive order upon him who drew the number. The numbers at the same time were recorded upon tally sheets and written on a great blackboard for checking purposes.

Only the first hundred numbers were sent out by telegraph today and the others will be made public by district draft boards.

The drawing cannot be finished before noon tomorrow and it may be late tomorrow afternoon before it is completed. In a room close by, coats have been provided so that the officers and privates doing the work in relays may sleep. The number which President Wilson drew has a registrant representing it in practically every district in the United States—that is, there is practically no district with less than 322 men registered in it.

## Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe on the outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

## WOULD REGISTER YOUNG WOMEN

Baltimore, Sept. 30.—Registration of young women as well as men for industrial training in peace times as well as in war times was urged by Colonel Theodore Roosevelt in a speech here Sunday, opening the Fourth Liberty loan campaign.

"We now have an approach to the universal service which some of us have for years been demanding," Colonel Roosevelt said. "We now have all men from 18 to 45 required to serve their country and required to register. Let us make this system permanent and let us use it for the purposes of peace no less than for the purposes of war. Let us extend the principles to women no less than to men. Let us have suffrage on service, let us demand the service from women as we do from men, and in return give the suffrage to all men and women who in peace and war perform the service, and to no others."

### LIBERTY LOAN-HELPED SUCCESS IN FIELD

(By Associated Press)  
Washington, Oct. 1.—Successes of the American and Allied troops in France are being reflected in the campaign for the Fourth Liberty Loan. This was the opinion of Treasury officials today as reports were received that many communities had at the close of the third day of the campaign subscribed greater sums than the total pledged for the third loan. More than 500 promoters of questionable speculative enterprises who are selling securities in competition with the Liberty Loan are under investigation by the Government Capital Issues Committee and steps to blacken them publicly may be taken soon.

### LAWRENCE FIRM WILL DO THE WORK Contract for Other Improvements at the Depot Awarded.

The contract for other improvements at the Boston and Maine depot has been awarded to Pike and Son of Lawrence, Mass., well known contractors and builders of that city. The additional work will be started as soon as the work of remodeling the roof is completed and that of enlarging the waiting rooms.

### Dear Old Pal of Mine sung by John McCormack

Song is often the only avenue that can be found for expressing the utter loneliness and misery of the battlefield. It takes a soldier, such as Lieut. Gitz-Rice, to translate the resulting emotions into music. And who could better interpret such emotions in song than John McCormack? "Dear Old Pal of Mine" voices the longing of the soldier for the woman whose comradeship would surely be a solace and a reviving of spirit.

"Good-bye Mother Machree"  
An affectionate farewell by a soldier to his mother. Sung with telling effect by Harry Macdonough and the Shannon Four.  
On the same record Helen Clark renders "One for All and All for One," the official song of the Stage Women's War Relief, with a sturdy march tune.

Come in and let us play for you all the New Victor Records for September.  
HASSETT'S MUSIC AND ART SHOPPE  
115 Congress Street.

### LIBERTY LOAN-HELPED SUCCESS IN FIELD

#### MUST KEEP GLASSES AND DISHES CLEAN

#### Warning to Eating Houses and Proprietors of Soda Fountains.

The proprietors of eating houses and soda fountains are warned by the Board of Health on the care of dishes, drinking cups and glasses. The Board advises thorough washing of these receptacles as a prevention against the spreading of the prevailing epidemic. Unless this request is carried out strictly the health officials will find it necessary to order the discontinuing of all glasses and substitution of individual drinking cups.

#### NEED HELP AT THE EMERGENCY HOSPITAL

The Board of Health and the Public Health Service officials are gradually straightening out things at the Emergency Hospital. They have found a little relief in additional nurses but more are needed to meet the situation. The hospital is badly in need of a cook and some one to do the work of scrubbing and cleaning. So far the cooking has been done by the nurses who cannot attend to the sick and prepare the necessary food for patients.

## COAST GUARD PROMOTIONS

Numerous changes are announced by Supt. S. R. Sands in the First Coast Guard district and went into effect today.

Keeper George B. Ricker, in charge of the coast guard station at the Isles of Shoals has been transferred to the station at Rye Beach, to fill the vacancy caused by the transfer of Keeper Godfrey to New York for special duty. Acting Keeper Charles A. Hunt has been transferred from the station at Danvers Island to the Isles of Shoals. Keeper H. A. Morton from the station at Spruce Head to Danvers Island and Keeper H. T. Crowley from Great Vess Island station to Cape Elizabeth, Me. No. 1 surfman Lee H. Dunn of station No. 13 at Wallis Sands has been promoted and transferred to acting keeper at station No. 6 at Spruce Head, Me. No. 1 surfman Eugene C. Co Bath has been promoted and transferred to acting keeper at station No. 4 at Jonesport, Me. Surfman Everett M. Mills also has been given the position of acting keeper at station No. 7 at Port Clyde, Me., having been transferred from station No. 16 at Hampton Beach.

Acting Keeper Dunn who has taken up his new duties at Spruce Head has served as surfman at the station from which he has been transferred for 10 years prior to Sept. 1916 when he was then promoted to No. 1 surfman at station No. 13 at Wallis Sands.

Acting Keeper Eugene C. Co Bath now at Jonesport, Me., served as surfman at station No. 2 Buck's Harbor, Me., for 11 years prior to Dec. 1918 when he was transferred to No. 16 at Hampton Beach.

Everett M. Miller who is also promoted, enlisted for service at the Hampton Beach station on Dec. 7, 1916.

Their interest in the service and strict attention to their duties have earned these men well deserved promotions and they will undoubtedly fill their new positions with credit.

## SHATTUCK SHIP YARD NOTES

Government Supt. E. A. Jones has recovered from a week's illness.

John Melange of the employment office has been removed to the Emergency Hospital, Portsmouth, and is quite seriously ill.

The launching scheduled for Saturday will be delayed a few days owing to the bad weather of last week.

The men are putting the pep into the Liberty Loan.

The men employed out of doors appear to be immune from the grip.

Foreman Tony Martino of the yard department has recovered from a week's illness.

## THE HERALD HEARS

That the Boston and Maine railroad is getting fussy about names on the payroll.

That in the future there will be no J. H. or H. J. Smith.

That those who have charge of making up the roll must show the full name such as John H. Smith.

That police officer McCaffery is on the sick list.

That officer Doherty of the North End beat is on a vacation of 14 days and officer Ellingwood is covering the beat.

That Portsmouth will have a fast bowling team this season.

That the men in the highway department at Concord have gone on a strike.

That they were dissatisfied with the way the public works department handled the demand made for more wages.

That you can be a repeater as much as you like in voting for democracy by buying Liberty Loan bonds.

That preceding the signature to letters from business houses all over the country the following is used: "Yours for the Fourth Liberty Loan."

That the questions asked in the several lunch cars at night forces a smile on the face of the proprietors.

That some of the people calling in these portable lunch rooms cannot get it into their head that the cars provide simply a lunch, not a banquet.

That many of the patrons expect a menu on the European or American plan.

## GIRLS' PATRIOTIC LEAGUE DOES ITS BIT

The Girls' Patriotic League at the John Paul Jones house is living up to its name in these trying times of war and illness. It is carried on as a hostess' house and of late several mothers or women relatives of enlisted men who are ill at the naval hospital have been provided with lodgings there, while remaining here to be near their

### FOR SALE

Household Goods, Rear of 95 Union Street

Wednesday morning 9 o'clock

dear ones. Sometimes mothers of these young women members of the sick boy's family arrive in this city on late trains and the League is always ready to provide them a shelter, when often-times they would have great difficulty in finding lodgings elsewhere. On more than one occasion last week several of the occupants have given up their rooms to accommodate these strangers. Several mothers of enlisted men have been making their headquarters at the League recently; one has come from Arkansas to be near her sick boy, who is now on the convalescent list at the naval hospital; another came from New York to see her boy who later was called upon to make the supreme sacrifice.

## LOCAL DASHES

This is certainly a fine sample of weather.

Don't get excited—keep out of doors this fine weather all you can.

Monuments and gravestones. J. H. Dowd Co., 98 Market Street.—Adv.

Now go to the Liberty Bond Drive. Let's put Portsmouth "over" this week.

WANTED—At once, 20 printers. Apply P. A. Gray & Co.—Adv.

Every local physician is working night and day combating the epidemic.

Oil stoves, baby carriages and refrigerators at Margeson Bros. Tel. 570.—Adv.

If you want to sell your real estate see Butler & Marshall at once. We can not supply the demands we have.

—Adv.

Sounds like new voices at the telephone exchange and some very sweet ones too.

Fresh fish, oysters, meats, groceries, Brown's Market. Try us. Tel. 194.—Adv.

Get your bright-eyed fish at the Portsmouth Fish Co., Broughton's Wharf, J. E. Lamb.—Adv.

If your real estate is not listed with Butler & Marshall you are losing good opportunities to sell.—Adv.

Lobsters and fresh fish of all kinds caught by our own boats, fresh every day. E. Jameson & Sons. Tel. 245.—Adv.

CATERING for parties at your home or outside, large or small parties. Can also arrange to do housework of any kind. Address John Flood, 109 Penhallow or Phone 1091W. hc.27,1w

Portsmouth is rapidly stamping out the gripple scourge.

The great world famed news service, The Associated Press, which serves The Herald, gives Portsmouth the same service as all the big city papers have. It is the last word in news.

House wanted. Will pay cash for suitable house with modern improvements, price to be from \$1500. to \$3500. See Butler & Marshall.—Adv.

## GAVE AID WHEN MUCH NEEDED

That many Portsmouth women are doing their best as war workers has long been evident, but in the emergency which has now come to our city with the seriousness of the gripple epidemic there are women who are ready, too, to do their part.

The lack of trained and experienced nurses is felt greatly at the present time, and numerous families who have illness in their hands get help with difficulty.

An instance of a splendid spirit was heard yesterday. A patient was very ill with pneumonia, at her home in this city, and it was with difficulty a nurse could be procured, owing to the few now available. Hearing of the need, a naval officer's wife, who had studied nursing before her marriage, came forward and offered her services. They were gladly accepted and the patient has shown signs of improvement under the splendid care of this volunteer worker, whose humanitarian spirit is favorably commented upon.

### FINE WAR EXHIBIT.

One of the most attractive looking "Win the War" windows seen in Portsmouth is at the Henry Peyer & Sons store. The window shows all the modern implements of war artistically arrayed with posters advertising the Fighting Fourth Liberty Loan. The window is attracting a great deal of attention.

## DIED FROM PNEUMONIA NOT THE GRIPPE

In the report of the death of John T. Barrott, a Portsmouth man, at Lowell on Saturday, it was given out that Spanish influenza was the cause. The report was incorrect and his death came as the result of pneumonia.

## WANTS THE NAVY TO LEAD IN LIBERTY LOANS

E. A. Rosenthal storekeeper on the U. S. S. Seattle has started a little liberty loan campaign of his own aboard ship and he has had pointed a circular which he is passing to the men. Its subject matter is as follows:

Enlisted Men—Attention!  
4th Liberty Loan—Sayings that bring Honor the Truth.

He who saves early, never has to beg later.

Buy a Bond!

You give your life to Uncle Sam with a smile; why not do the same with your money; which is only a loan.

Buy a Bond Now!

The best reference after the war will be: "How many Bonds have you bought?"

Buy a Bond!

Any fool can make money, but it takes a wise man to save it.

Have you bought a Bond? If not, Why Not?

Remember it is not luck, but perseverance that makes life easy in our old age, save before you want.

Buy a Bond!

Each bond you buy is another link between you and your Government.

Buy your 4th Liberty Bond Now!

The Navy leads, others follow!

### NOTICE
